The 4 Minds

H.P Blavatsky described the human being as "highest spirit and lowest matter linked by mind". According to our use, the mind can be our greatest ally or our worst enemy. In this talk we will consider the 4 minds that promote inner peace and well being in the world around us.

Special Meeting: Saturday, April 19th 9:00AM - 12:00 Noon

Service as a Spiritual Path

Everyone has the capacity to serve, and all service is good. But not all service is equal. The depth of awareness that follows from genuine spiritual practice profoundly influences our giving. We will consider what we can do to touch the world in a deeper way.

SPECIAL EVENTS, CLASSES AND PROGRAMS

The Flowering Tree Lodge

Debbie Mast is co-leader of the Flowering Tree Lodge in Michigan and the founder of the Women's Hoop, a ceremonial group for women, now in its sixteenth year. Her work is inspired by her vision of women and men working together to re-create the world.

The Flowering Tree Lodge is a teaching lodge of The Sweet Medicine Sun Dance tradition. This tradition was founded in 1250 B.C. by medicine women and men from tribes across the Americas. Calling themselves Twisted Hairs, they braided together *knowledge that works* from every direction on the Wheel of Life. Over time they developed tremendous amounts of knowledge about energy, ceremonial alchemy, healing techniques, communication with nature and controlled dreaming. The Twisted Hairs opened their teachings to non-natives in the 1970's. The local Sweet Medicine community gathers to learn and share together, as they reach for their highest potential.

This group meets at our building several times throughout the year. Extensive information, including fees and charges, introductory meetings and associated study groups is available at www.floweringtreelodge.net. People interested in learning more about the Sweet Medicine tradition are invited to come to monthly open houses held March-September. These include a sweat lodge ceremony.

Pre-registration is required. Contact Debbie Mast (248) 414-5376, for details.

Order of International Co-Freemasonry, Le Droit Humain (Pre-registration required)

Open to both men and women, the focus is on the spiritual aspect of Freemasonry. Rituals, ceremonies, symbols, and myth are used to depict universal truths, and to help members understand where they have come from, who they are now, and where they are going. In this new millennium, the Order has a special contribution to make to both the individual and society. Its openness to women, and its emphasis on basic human rights, tolerance, and understanding for all people and all religious views, make it an important vehicle for men and women to work together in a spirit of equality and mutual respect for the betterment of the world.

Basic qualifications include: at least 21 years old; "free," not bound to a particular set of beliefs, but open to growing and learning; striving to live a life of self-improvement and service.

This group meets monthly at our building. For further information, including how to apply for membership, contact Mary Jo Kokochak, 517) 592-9053; e-mail mjkokochak@aol.com.

Plant a Tree

Theosophical Society in America national headquarters in Wheaton, Illinois

Fierce storms destroyed many beautiful trees at the TS national headquarters in 2007. Planting trees reduce global warming. You can participate in restoration efforts by donating funds to plant a tree.

As a result of extensive research the following decisions were made regarding planting trees:

- trees will be no smaller than 2 inches in width, as anything smaller usually does not survive well
- trees will have a 1 - 2 year warranty (to get a warranty, it is necessary for the nursery to do the planting)
- tree tags will be available (cost is approximately \$12.00)

The cost for one tree is \$350. In realizing this is a rather large cost, we are offering two options for our members.

- 1) For a single donation of \$350 we will plant a tree and include member's name, and any message they want on the tree tag. (e.g., "In memory of", "Donated by the Smith family", etc).
- 2) For other donations, we will pool the money together until we have enough to purchase a tree. For example, member A donates \$150, member B donates \$100, and member C donates \$100. We have 3 members donating smaller amounts which all contribute to the cost of the tree. We then would put all the members' names on the one tree tag and list only their names.

We hope that you are able to contribute to our efforts as we start replanting the property. We have just about finished our clean-up from the tornado back in August and the grounds are feeling more peaceful each day. Thank you for considering us with your donation!

In order to give a boost to the tree planting effort at the Olcott National Center, we at Detroit Branch have passed a resolution to collect and match donations received through our account. Therefore, if you send us a check for \$50.00 (for example) toward the replacement of a tree, we will send a check to headquarters for \$100. Collections will continue throughout the period of January-April, 2008.

Please complete the form below, tear off and return the bottom portion of this page along with your check to enable us to give proper credit for your donation. Send to: 27745 Woodward Avenue Berkley, Michigan 48072-0906

MONDAYS: 2ND MONDAY OF EVERY MONTH 7:00 PM

OCEAN OF THEOSOPHY STUDY

In the early 1890s William Q. Judge recognized the need for a book on theosophy that could be readily understood by all. The *Ocean* provides a concise yet comprehensive survey of the basic tenets of theosophy. Written with the beginner in mind, it clarifies such topics as: the sevenfold nature of man; reincarnation and karma; dangers of psychic practices and the pitfalls of pseudo-occultism; earth's sevenfold being; cosmic and terrestrial cycles; after death states; the existence of highly advanced human beings; and many more. This class that is open to all can be joined at any time due to the stand alone character of the material. If you are interested, please call Marina Sionov at (248) 545-8553 or (248) 545-1961.

TUESDAYS: 7:00 PM – 8:30 PM

MEMBERS STUDY

Esoteric Christianity

Theosophy means literally Divine Wisdom. Often thought of as a diluted version of Hinduism, Buddhism or Taoism, it is no less Esoteric Christianity, belonging equally to all religions, exclusively to none. So Annie Besant states in her forward to *Esoteric Christianity*, the splendid little volume that is to be the subject of this year's members' study. Gary Contesti and Daya Kujansuu combine their talents in leading us through the intriguing writings of one of the Society's most prolific writers and its second President.

WEDNESDAYS: 7:30 – 9:00 PM SHARP

OPEN DISCUSSION

Don Elwert continues the grand tradition of the Wednesday night open forum with occasional assist from long time seeker and TS member Parke Carrier. Meetings involve a wide ranging exploration of theosophical writings and ideas, with frequent forays into Christian Mysticism, astrology and even shades of Rosicrucian thought. Discussion tends to be lively and informative, and attendees have always offered enthusiastic reviews

THURSDAYS: 7:30 – 9:00 PM

MEDITATION CIRCLE

The meditators' support circle emphasizes meditation as a way to be with Spirit and in Spirit. There are no shortcuts or crash courses, no instant mysticism. We sense in stillness with others a great linkage and strengthening. We meet to support each others daily meditation. Simple instructions and much encouragement are also there for anyone just beginning. Typically, we begin with a short reading and several minutes of contemplative music, leading into two thirty minute silences. These are broken by a five interval. Participants may leave during this time or move about quietly in a meditative walk. The ninety minutes together ends with quiet conversation. Please plan to arrive a few minutes early. For information call Ron at (248) 280-4711.
